Asks for sanction an estimate for Rs 1350- for constructing Cement Concrete drain by the side of the Sudras via Saw Mills, for the storm water drain, with funds, as the cost of the work cannot be met out of the current years Budget of the Board

1) There is no provision for the purpose in the current years State Budget-

2) The amount of the estimate being small, the Chairman has to provide it by reappropriation of sanctioned grants of the Board for the current year.

3) It seems rather ridiculous on the part of the Chairman of the Trust Board myne to ask for grants for such small works at the tail end of the Myear

Estimate for Rs 1350- for constructing Cement-Concrete drain by the side of the Sadasiva Saw Mills, for the storm water drain

Sir,

With reference to your letter No D.2-C.291/46-47 dated 29-3-46 on the above subject I am directed to point out that it is not clear why Govt is being approached for additional grants for such small works at the last end of the official year. Either the
